

CERARECOVERY™ Wrist

POWERED BY
SEMICERA®
TECHNOLOGY

RECOVERY
at the speed of light

▲
*Ideal for soft tissue wrist injuries,
Carpal Tunnel and surgical recovery.*

The **Gladiator CeraRecovery™ Wrist Device** is a therapeutic device which has been proven beneficial for healing soft tissue injuries, surgical recovery and rehabilitation.

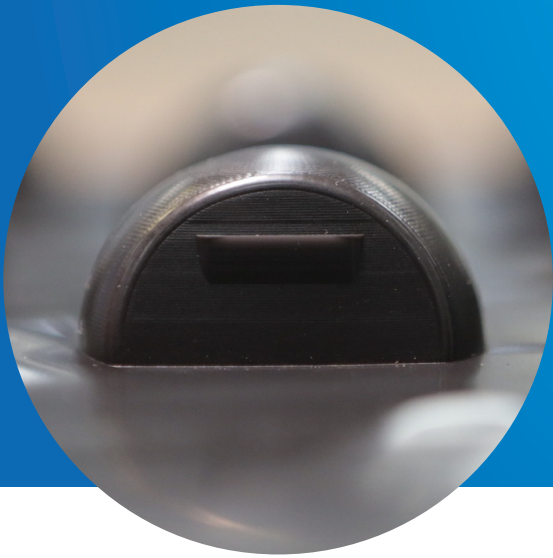

Featuring patented **SemiCera™ Technology**, the device uses only the patient's ambient body heat to passively activate the embedded far infrared ceramics. The subsequent emitted photons create intracellular vibration that stimulates the body's healing process.

Active Healing at the Cellular Level

Infrared light from the ceramics penetrates down to the cellular level.

- ✓ **Increased blood flow and overall circulation**, bringing vital nutrients and eliminating waste
- ✓ **Reduces inflammation**, allowing the healing process to progress

Benefits for Carpal Tunnel Recovery

-  **Increases blood flow to wrist**, relieving symptoms of nerve compression
-  **Alleviates numbness, tingling and pain**
-  **Improves dexterity**
-  **Eliminates need for pain medication, injections or surgery**
-  **Allows person to quickly resume normal work and daily activities**

Patented Non-Powered, Non-Thermal SemiCera™ Ceramics

-  Allows the device to be worn all day while at rest or engaging in daily living activities
-  Enables long treatment times for faster healing without risk of tissue damage

Velcro Fastening System

-  Facilitates quick intuitive device application
-  Offers flexibility to fit most patients

Specifications

Model #:
1200

Size:
6" x 3.8" x 2"

Materials:
Medical Grade Textiles
Rare Earth Minerals
Silicone Rubber (Latex Free)
